mittee, said the constitution of the League as presented to the Peace Conference "sanctions, breeds and

commands war." The Pennsylvania Senator said that if the people of the United States desired what he termed a real League of Nations to prevent war and "not merely build a coalition to further trade or preserve and expend territorial possessions," it might be secured through the formation of an international organization comprising all the nations of the world.

Senator Knox said the constitution of such an international coalition should primarily declare war an international crime and stipulate that any nation engaging in it except in He also suggested that the constitution provide that international discould summon another before the the 27th Division. court unless the subject under dis-

Senator Knox said he had not reached negative conclusions in re-gard to the constitution of the pro-posed league through unfriendliness or bias. He said he was against war even to the extent of seeing the United States make the utmost sac-rifices possible, but that he wanted to feel sure that when the offering of the United States had been placed upon the altar and burned this country should have measurably and proportionately advanced the cause of human liberty and happiness.

WARNS AGAINST LEAVING GER-MANY OUT OF LEAGUE.

MANY OUT OF LEAGUE.

The Senator warned especially against leaving the Central Powers out of the League, saying the inevitable result would be "to drive them more closely together for mutual self-protection, thus making the formation of a second league of nations bidding for adherence from neutral states almost a certainty."

"Thus at no distant date." he continued, "we should have two

WOMAN AND BABY 9 DAYS ON SINKING SHIP ARE RESCUED

Battleship Sinks Disabled Schooner With Shot After Taking Off All Aboard.

The story of the nine-day fight for life which preceded the sinking of the three masted schooner Charlotte Sipley by a shot from the United States Battleship New Mexico on the mornday. All lives were saved on the all lives were in peril from the night of the thirteenth until after the bat-

ticship came in sight. George Deloric of the Deloric engineering firm at No. 26 Cortlandt Street, for the fun and adventure of the thing, went with the Charlotte Sibley as mate, and he took his wife and eighteen-months old haby along, Three days out the schooner met a gale and braved it out through the night. Then the seams leaked and the gasoline pump was brought into

A gigantic wave crashed down on the deck and swept away the skylight of the cabin, which was flooded. Mrs. Delorie and the baby found themselves in a pool from which they were rescued by Delorie. On the fourth day the mizzen top-

mast snapped off, struck the deck and ripped off a hatch, giving one more entrance to the invading ocean. It became necessary then to work" drinks for the men. Next the mainmast was swept away and the pump no longer was keeping pace with the

incoming water. Finally the New Mexico was sighted and took off all on board. It then sunk the schooner with a single well placed shot, lest it float about and become a peril to other ships.
